ACAP Profile for Stan Grigiski

Name: Stan Grigiski

Professional Background

I joined Medical Claim Service of SWFL in 1990 and received my license as a public health adjuster at that time. I acquired ownership of the company in 1997. In November 2000, I took the exam through ACAP and became a Certified Claims Assistance Professional. Since many of my clients are elderly and have Medicare for health insurance, I provide seminars to the community to inform of Medicare updates and choices individuals have during the open enrollment period.

What Qualifies Me to be a CAP

I have worked with Medicare, major medical insurance carriers, long term care issues and other health insurance issues over the past 27 years. In addition, I passed the exam offered by ACAP to become a Certified Claims Assistance Professional.
